**PRESS RELEASE: WAYNE STATE UNIVERSITY RALLY PROTEST AGAINST INDIA'S BRUTAL SUPPRESSION OF UNIVERSITY STUDENTS HUMAN RIGHTS**

Detroit, MI – Wayne State University students and staff assembled at the Student Building grounds to show their solidarity with the students in the Indian Universities (Aligarh Muslim University, Jawaharlal Nehru University, Jamia Millia Islamia, and other around the country). The Indian Students have risen against the recently enacted laws by the fascist BJP government in India. Many local community members also joined the rally.

The rally was organized by CAPI (Coalition of Americans for Pluralism India). The members of CAPI reminded the protesters that India is at Step 8 of the 10 Steps defined by Human Rights Watch resulting in Genocide. Another two steps will trigger the biggest Genocide the humanity has seen; almost 500 million lives of minorities are on line.

The students are abused by police force, and the militias that are part of the fascist Indian Government for peaceful protests. This is the first time in India since its independence that the Indian Youth are showing unity in resisting the government by standing together without religious, caste, and cultural backgrounds.
